Floodplain Statement of Findings

Project Name/PID: GRE-TR48-1.27 (Factory Road) (106219)

Floodplain: Floodplain associated with Beaver Creek

Project Description:

This project proposes to widen and raise a portion of the profile of Factory Road within the Little Beavercreek floodplain in the City of Beavercreek OH. Coordination with the local floodplain administrator will be completed prior to construction.

Why must this project be located within the Floodplain?

The existing Factory Road is located within an existing floodplain.

What alternative sites were considered?

No alternative were considered.

Were any mitigation measures utilized on this project? If so, please describe.

No mitigation measures were utilized.

To the best of my knowledge, this project has complied with all applicable Local, State, and Federal Floodplain protection standards.
