## **EXECUTIVE SUMMARY 2021 APPROPRIATIONS BUDGET**

December 14, 2020

The City of Beavercreek experienced two very unusual years, 2019 and 2020. Both the May 27<sup>th</sup> 2019 tornado followed by the COVID-19 pandemic resulted in shifting of priorities, delays in capital improvements and infrastructure and delays in equipment purchases. The pandemic also created significant service modifications and reductions in operations at the Senior Center, Golf Course and Parks, Recreation, and Culture. Residents, staff, and elected officials responded efficiently and effectively with changing mandates to continue to provide the region's most efficient municipal services to residents, businesses, and public institutions while reducing governmental expenditures to match service levels and the additional costs of providing protection for employees and residents to curve the pandemic.

During these difficult times, staff continued to implement approaches to maximize City revenue and reduce costs by utilizing innovative operational practices. For example, the City showed its resilience in providing virtual programs to keep residents engaged during the "Stay at Home Order" and Health Department restrictions. The City continued to implement software enhancements to assist in this goal. The City also continued to aggressively pursue and receive grant monies available from federal, state, and local sources, a record setting infrastructure and capital improvement year. The City also continued to maintain one of the lowest costs in the region, per resident, for providing municipal government services. With our organizational culture, ability to shift priorities, monthly City Council meetings and work sessions, and the annual City Council/Management Strategy Session, the City was able to meet the immediate emergency needs, provide effective policy direction for this difficult year, and provide the foundation for future years.

### **STATE REVENUE SHARING REDUCTIONS AND LEVY CAMPAIGNS**

The state's reduction of revenue sharing continues to challenge the City's ongoing financial stability. With these reductions and a long list of backlogged infrastructure, the City embarked on a strategy to develop specific levies designed to address the City's financial needs now and in the future. After completing a detailed long-term financial analysis and several City Council/Management driven strategy sessions, the City continued with the financial strategy of placing continuing levies on the ballot to stabilize the finances of the City. This strategy achieved the City's goals of preserving revenue stability, including maintaining the State's rollback and homestead exemption for the Police levy. By maintaining the exemption, residents save 12.5% off their taxable values paid by the State.

### **DEVELOPING THE BUDGET**

With resident's continued support of levies, delaying infrastructure and capital equipment purchases to fund the tornado response and pandemic, the management team has been able to adjust program funding to meet the

anticipated service levels in the 2020 budget. Department directors were instructed by the City Manager to continue to maintain the high level of services our residents have been accustomed to while maintaining minimum fund balances, despite allocating \$2.2m in tornado related expenditures along with responding to the State's pandemic response. Once again, this involved delaying capital improvements and purchasing capital equipment. The City received the majority of the Federal Emergency Management Agency (FEMA) and state reimbursement grants from the tornado event and therefore were able to reestablish the resurfacing program and the equipment replacement schedule for 2021. The City continues to find creative solutions, implementing technology innovations, researching and implementing shared resources, identifying efficiency improvements, reorganizing departments and divisions, and aggressively pursuing grant opportunities in order to become more efficient and provide the most cost effective services to residents.

With the financial goals and service and capital objectives established, the department directors drafted their initial budgets and convened for internal meetings to review departmental justification, service level expectations, based on the Health Department restrictions, their short and long term initiatives, program requirements, potential cost savings or service level reductions, and any additional ideas related to enhancing shared service ideas.

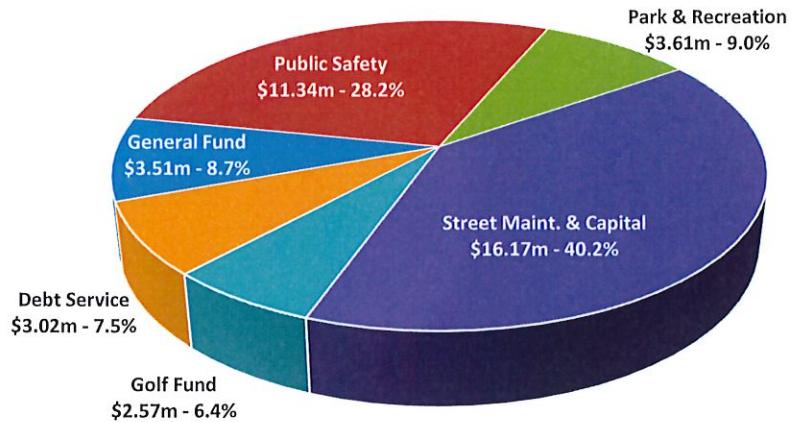

After this process, staff presented City Council with a proposed 2021 Appropriations Budget. City Council convened public work sessions on November 16<sup>th</sup> and 19<sup>th</sup> of 2020 to review and modify the proposed budget. Public input was encouraged and received during review of the 2021 budget along with the Five Year Capital Improvement Plan covering 2021 through 2025. As a result of this annual process, the City has developed a fiscally responsible 2021 budget incorporating all the operations and capital infrastructure plans detailed in the City's financial strategies.

City Council's policy objective of maintaining minimum reserve fund balances of 20% for operating funds (General, Police, Street Levy, and Park Levy) especially during these difficult unprecedeted years has been achieved, and with FEMA, Federal and state grants, the City was able to reestablish the capital improvement programs in 2021. This was also accomplished by anticipating and responding to the State of Ohio's revenue enhancements (increased fuel taxes, implementing a new license fee authorized by the State and using grant funding), pursuing expenditure adjustments during the year, and using existing available fund balances when appropriate.

## **BUDGET OVERVIEW**

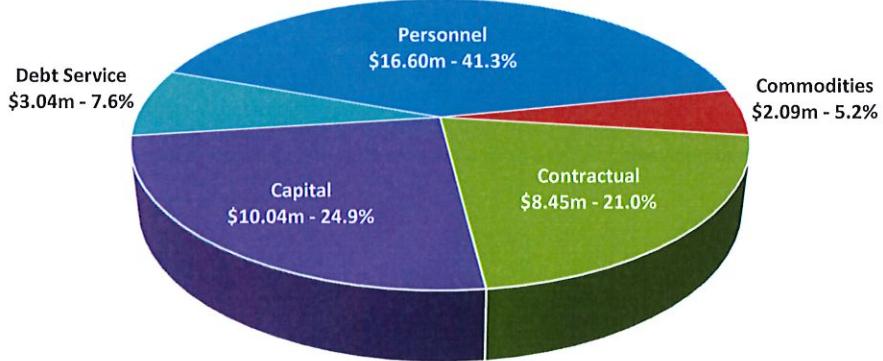

The 2021 budgeted expenditures, excluding interfund transfers, is approximately \$40.2(m) million dollars. This represents a budget that is approximately \$7.2m less than the 2020 adopted budget. Of the \$7.2m decrease, the majority relates to a decrease in capital improvement projects and costs associated with the May 27th tornado clean-up efforts that are budgeted in the Federal Emergency Management Agency (FEMA) fund. The largest expenditures are in the Street Maintenance & Capital funds, which total \$16.2m or 40.2% of the entire budget. This is \$5.4m less than the previous year, which is the result of the decrease in street capital improvement projects slated for 2021. Public Safety is the second largest portion of the budget representing \$11.3m, or 28.2% of the budget as depicted in the chart on the next page.

**2021 Budget Expenditures by Function - \$40.2m  
(Excludes interfund transactions)**

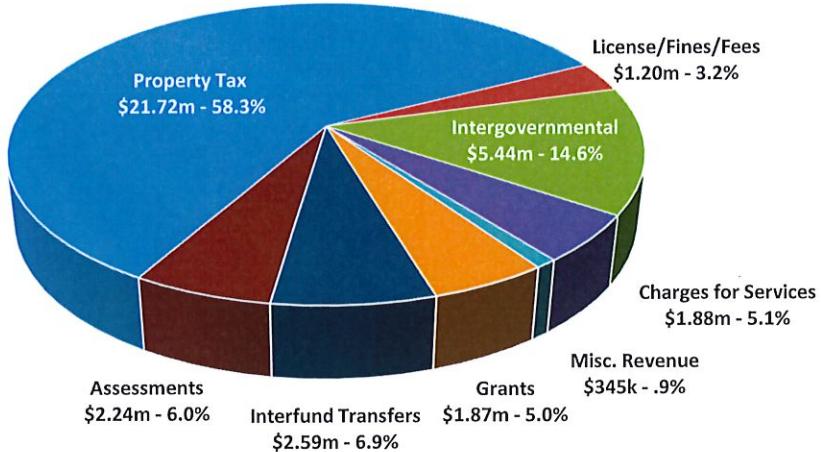

Of the City's \$40.2m budget, \$16.6 million, or 41.3%, is for personnel and benefits expenditures. The budget reflects contracted wage increases and projected health care increases as discussed in detail under "Citywide Budget Highlights". The second largest component of the budget is capital expenditures, which represent \$10.0m, or 24.9% of the 2021 budget. The majority of these capital expenditures relate to the street funds with all the dedicated capital improvements, which are part of the Five-Year Capital Improvement Plan. The contractual category representing almost \$8.5 million dollars or 21.0% of the total budget includes over \$3.0 million dollars slated for residential street and curb repairs.

**2021 Expenditures by Category - \$40.2m  
(Excludes interfund transfers)**

This budget illustrates our reliance on property taxes to generate the revenue necessary to maintain operations and fund the City's capital improvement program. Over \$21.7m comes to the City through various property taxes across various funds. In the 2021 budget, property taxes represent 58.3% of the entire revenue base. Property taxes have again been conservatively estimated by the Greene County Auditor, which the City uses as the basis for property tax revenue figures. Intergovernmental revenue is the second largest component at \$5.4m or 14.6% of the budget and includes several types of grants (pass through and reimbursements), local government funds, franchise fees, hotel/motel taxes, and various other shared services with other government entities that we consider a consumer of the City's services. Grants totaling \$1.87m include various grants for Street Capital Improvement projects. The majority of charges for services revenue relates to Golf Course operations and various program fees collected for Parks and Recreation, and the Senior Center.

**2021 Revenue by Category - \$37.3m**

## BUDGET RESULTS

As a direct result of staff and City Council's desire to provide our community with a responsible budget, the following major changes are noted that impact the 2021 budget.

## BUDGET HIGHLIGHTS

### Revenue

- Per the City's long-term financial strategy, most of the property tax levies have been renewed and made permanent to help stabilize the City's funding. This included the 4.5 mill Police Levy that provides \$6.1m or 61.5% of the Police operating budget. In addition, in May 2019 residents voted to renew the 2.0 mill Street Capital Improvement Levy, which enhanced the City's street capital improvement program. This continuous levy generates \$2.6m. In addition, the Park Levy was also renewed in 2019 for .9 mills with an additional .3 mills added to support the Parks, Senior Center and Cultural activities throughout the City. This generates \$1.6m and will be used to continue to provide services and programming along with providing funding to improve all parks and facilities throughout the City.
- Interlocal agreements designed to cover the cost of services provided by the City to various entities total over \$614k for 2021. This includes increases to Beavercreek Township for dispatch services provided to the Fire Department, fuel, and In-Touch publications. The City also has agreements with the Beavercreek School District for reimbursement for providing two School Resource Officers, an optic fiber line, and salt. In 2021, the City will continue to provide park maintenance services to the Beavercreek Park District.
- Other revenue such as interest income is anticipated to decrease \$110k or 47% based on decreased interest rates and available fund balances. Hotel and Motel taxes are projected to decrease \$175k or 33.3% with the reduction of lodging activity related to the pandemic.
- In 2019, the State of Ohio passed legislation increasing the gasoline tax by .14 cents per gallon and diesel by 19.5 cents per gallon. This consumption tax was projected to increase the City's revenue in the Street Capital Improvement fund by \$1m in 2020 until the pandemic hit. However, the City did budget the same amount in revenue in 2021 with the anticipation that fuel consumption will begin to increase back to pre-pandemic levels.

- The State of Ohio passed legislation to allow municipalities' to increase motor vehicle registration fees by five dollars per vehicle to increase funding for critical street infrastructure repair and maintenance. City Council implemented this new fee and collection will begin in 2021.

#### **Expenditures - Operations**

- The May 27<sup>th</sup> Tornado Event, has had a significant impact on the 2020 projected budget. Because of the event, over \$1.5m of capital project and replacement equipment was delayed. In 2020, the City received several reimbursements from Federal Emergency Management Agency (FEMA) and Ohio EMA (OEMA). Because the City was able to recover some of the costs, The City will reestablish the capital improvement program, and equipment purchases in the 2021 budget at pre-tornado levels.
- The City embarked on an aggressive campaign in the beginning of 2019 to update or add several major software components in order to increase operational efficiency. These software updates have assisted staff in allocating resources to services or current and future projects. These systems are also designed to identify and provide long-term maintenance and replacement schedules for all infrastructure throughout the City. In addition, direct access systems such as a new registration system for Parks and the Senior Center has been fully implemented in 2020. Also, permit and code enforcement software was implemented in 2019 to allow on-line applications and the acceptance of credit card payments for these fees. This system was heavily utilized during 2020 due to the pandemic. With the pandemic several additional software programs were purchased and implemented to minimize end users and employee interactions. This included an applicant tracking and on-boarding human resource software for new hires, and cloud based employee pay summaries and payment processing to increase operational efficiency and eliminate these manual processes. In addition, additional funds have been budgeted in the 2021 budget to review the budget process and long-term capital plan documents to make them more efficient, automated, and provide additional reporting and transparency to residents.
- The budget includes cost of living increases for all union and non-union employees. This is based on the bargaining units' labor agreements that expire in 2020 for the Communications Workers of America (CWA) and in 2021 for the Fraternal Order of Police (FOP). The 2020 budget reflects a 2.5% wage increase for FOP members and 2.0% for the remaining employees.
- This budget includes a reorganization of several departments. Most notably the Food and Beverage division of the Golf Course operation. There was a reduction of three full time employees in this division and a part time position. The division was restructured based on the Health Department restrictions on this operations and the projection that much of the operation will not be returning to the pre-pandemic services levels in 2021. In addition, the Planning and Development department was reorganized to shift responsibilities in the department to meet the service level needs. A Communications Manager position was also added to the Information Services Division to increase communication across all media to the residents, the region and to the employees.
- In anticipation of continuing volatility in the health care industry, the City joined the Ohio Benefits Cooperative (OBC) in 2014. Joining the OBC pool provides the City with stability of current and future insurance rates. The approximate 900-member pool enables negotiated rates to be lower than the City could obtain as a standalone entity with only 120 employees. It is anticipated that this will also slow projected health insurance premium increases. Although the City has experienced very positive results in the past (increases 3.8% or less the last five years), this year's increase for plan year (September 2020 to August 2021) was set by the OBC at 8.8%. Although higher than previous years, this is still well below the

industry average. The increase by the OBC, in conjunction with the projected increase for the last four months of the calendar year, was blended and factored into the health insurance operating expenditure for the 2021 budget. Based on recently negotiated union contracts, all employee contributions to health and dental insurance premiums are the same, which provides additional stabilization of this \$2.6m expenditure.

- The City will continue its Employee Wellness Incentive Program for an eighth year. This is the fourth year, through the OBC, that the City is utilizing the PUSH program designed to provide incentives to employees for meeting performance measures by improving their overall wellness scores throughout the year. Participation is up to 54% of all eligible employees and 31% for spouses in 2020. The goal of this program is to educate, promote and reward employees for taking action toward a smart and healthy lifestyle, which in the long-term would help reduce health insurance usage. Ultimately, this should improve the City's experience rate, which directly affects health insurance rate increases. Furthermore, the City continues to research other insurance products and options such as; expanding the Health Savings Account (H.S.A's) program, increasing employee contributions, pursuing plan adjustments, and expanding the employee wellness program to further control this expense, which is the second highest personnel expense in the operating budgets.

#### **Expenditures – Capital**

- A total of \$5.4m in street improvement projects are included in the various 2021 Street Capital Improvement budgets. Of this amount, \$1.3m or 23.7% is funded utilizing federal and state grants. These projects include; County Line Widening Construction (\$1.8m), Indian Ripple Sidewalks and Amenities (\$1.0m), Grange Hall Widening (\$500k), and Factory Road Widening (\$450k). These projects are in addition to other road widening efforts and some smaller capital projects around the community that have been budgeted.
- With the delay in completing residential street resurfacing due to the tornado and pandemic and with FEMA and Ohio EMA providing reimbursement for some of the costs, the City was able to reestablish and increase the level of resurfacing budgeted in 2021. Normally the City budgets \$2m, however, the 2021 budget attempts to bring the funding back to normal levels by increasing the funding to \$2.3m.
- The City had to delay the majority of the capital equipment replacement program in 2019 and 2020 for the streets to cover the clean-up and recovery cost of the May 27<sup>th</sup> event and the pandemic. As a result, the City only budgeted \$210k in 2020. However, with the reimbursement from the federal and state agencies, the City was able to reestablish the replacement program and add equipment that was previously set for replacement. Therefore, \$1.8m has been budget for replacement vehicles and equipment throughout the City.
- The City has also budgeted approximately \$1.1m for repairs and upgrades to various City facilities. This includes various improvements most notably at the Maintenance Facility that is now 18 years old and in need of maintenance that had been postponed in order to meet fund balance requirements during the past emergencies.
- With the increase in the Park Levy millage, the City will continue our efforts in essential maintenance and capital repairs throughout the park systems Park Improvements at Grangeview Acres (\$123k), roof replacement at concession building and ball diamond light replacements at Rotary Park (\$25.3k), and bridge replacement at Dominic Lofino Park (\$15k). Also extending park connectors such as; Summerfield Park (\$20k), and Virgallito Park, and various safety and maintenance funding for dam safety and engineering at Dominick Lofino Park and ADA improvements (\$8k).

## WHAT THE FUTURE HOLDS

The final costs associated with the May 27<sup>th</sup> tornado event were expensed in 2020 and the majority of the eligible funds were reimbursed by FEMA and OEMA that allowed the City to recover and return to pre-disaster funding levels for equipment and resurfacing. In addition, the costs to increase public safety and security related to the pandemic have been partially covered by the CARES grant in 2020. The City anticipates as the vaccines become available many of the activities and revenue losses experienced will begin to come back slowly and reach pre-pandemic levels in 2021.

To ensure the City's financial stability, residents elected to maintain or enhance services through the passage of three key levies in 2018 and 2019 with the renewal of the Police Levy (4.5 mills), Street Capital Improvement Levy (2.0 mills) and the renewal and increased millage Parks and Senior Center (1.2 mills). This coupled with the success the City has experienced in applying for and receiving grants has further helped to continue the City's capital improvement and infrastructure programs. These initiatives coupled with a fiscally conservative budgeting process along with City Council's financial goals of maintaining critical operational services and the implementation of a short-term infrastructure repair and replacement plan, should allow the City to continue to provide services within available resources.

The passage of the Street Capital Improvement Levy has provided a short-term solution to address some of the City's aging infrastructure needs. However, the City's backlog of infrastructure needs (i.e. streets, storm water, sidewalks, curbs and City buildings) will continue to increase in cost and pose funding challenges. The identification and condition of the current infrastructure will be accomplished with the new technology the City began implementing over the past several years. This new technology will provide information about the location, evaluation results, maintenance costs versus replacement, and prioritization of these areas for future funding consideration.

Although the State of Ohio has emphasized the need for local governments to consolidate operations and to work more efficiently, the City has been utilizing these operational priorities for many years thru interlocal agreements and by analyzing opportunities that would decrease costs or create operational efficiencies when appropriate. Additional interlocal agreements are projected in the 2021 budget and the City will continue to look for collaborative efforts to increase operational efficiency while maintaining or lowering costs.

Along with state revenue reductions, there are several important economic factors the City will be watching closely that could negatively affect the City's budget. With the volatility of the economy, as shown during the pandemic, the financial strategy to diversify the City's revenue base must continue to be a priority. The City is very dependent on property taxes (58%), intergovernmental Revenue (14.6%) and grants (5%). For multiple years, the State Auditor has indicated that our reliance on grants and State funding is a negative indicator of the City's financial health. Although the City has stabilized the revenue base, the problem remains that there is still no funding mechanism to pay for the City's aging infrastructure, which amounts to over \$200m in unfunded repairs.

Since our community is driven by property taxes, we will continue to experience the effects of static property tax collections. The goal will be to continue to stabilize the City's revenue base while concurrently seeking to diversify the revenue base through available options. With minor additional revenue generated from new commercial development, stabilized new home sales and increasing property values that do not have the effect of increasing property tax revenue, the reality is that property tax revenue will not keep pace with continually increasing

operating costs. Although some inflationary increases are budgeted for 2021, any significant increases in critical commodities (utilities, fuel, salt, and asphalt) or weather (excessive snow events) would require some additional expenditure modifications in other areas in order to maintain fund balances in the operating budgets.

With the renewal of several critical levies, along with passage of increased millage on the Parks Levy, and with the philosophy of renewing levies on a continuing basis, the City has been able to continue to maintain current operational service levels residents have come to expect. However, the recent disasters have shown that the City's reserves may not be sufficient to handle the temporary effects of these events without notably reducing capital improvements and purchases, and reducing services levels below our resident's standards.

## **CONCLUSION**

The budget is the City's financial plan for the upcoming calendar year. It is the most important document for guiding the City's fiscal planning effort. The 2021 budget includes input from residents, businesses, and City Council, as well as staff goals and actions for providing municipal services in a cost effective manner.

Based on the above process and fiscal summary, I recommend City Council approve the 2021 Appropriations Budget.

Respectfully submitted,

Pete E. Landrum, City Manager

**CITY OF BEAVERCREEK**  
**2021 BUDGET**  
**GENERAL FUND**

**FUND PURPOSE:**

The General Fund accounts for and reports all financial resources not accounted for and reported in any other fund. The General Fund balance is available to the city for any purpose provided it is expended or transferred according to the general laws of Ohio and the City Charter. Departments within the General Fund include Council, Clerk of Council, City Manager, Human Resources/Risk Management, Finance Department, Information Services, Planning & Development, Planning & Zoning Board, Contractual Services, Building Facilities Maintenance, District Lighting, Cemetery Maintenance, and Capital Improvements.

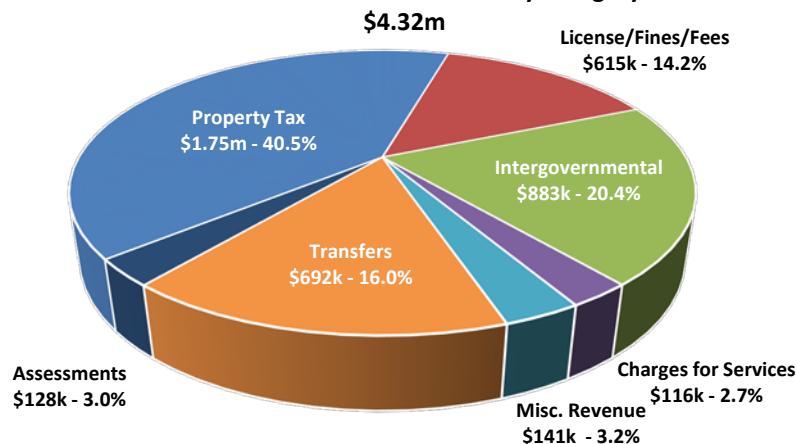

**KEY FINANCIAL FACTORS:**

- The General Fund's revenue budgeted for 2021 totals \$4.32m. Major sources of revenue include Property Taxes, License/Fines/Fees, Intergovernmental Revenue, and Interfund Transfers.
- Property Taxes account for almost 40.5% of General Fund revenue. The \$1.75m received in property taxes is generated from the 1.1 mill inside millage, or the "non-voted" millage, as allowed by the Ohio Revised Code. Each year the Greene County Auditor estimates the amount to be collected, which is the amount the city budgets.
- Intergovernmental revenue is the second largest revenue source comprising over 20.4% of revenue. Intergovernmental revenue includes Local Government funds, Cigarette Tax, Liquor & Beer Licenses, and Hotel/Motel tax. Hotel/Motel tax is projected to be \$350k or 39.6% of the intergovernmental revenue. This is significantly lower than the 2020 projection largely to the effects of the pandemic on lodging activity. Local Government is projected to be \$455k or 51.5% of intergovernmental revenue based on the State's revenue projections.
- Franchise Fees and Planning and Development Fees make up the two revenue sources in License/Fines/Fees. Franchise revenue is generated from the fees that the phone and cable companies pay the city to have their lines/cables located within the city's right of way. For 2020, Franchise Fees are budgeted for \$525k and makes up 85% of License/Fines/Fees revenue. Planning and Development fees make up the remainder at 15%, or \$90k.
- Interfund Transfers are approximately 16.0% of General Fund revenue. These transfers come from operating funds including Police, Street Levy, Street Maintenance, State Highway, and Parks Levy which cover the indirect costs of the General Fund per the Administrative Charge Policy.
- Remaining revenue of \$385k, or 10.5% of the fund, include Assessments, Charges for Services, and Miscellaneous Revenue.
- Assessment revenue are funds the city receives based on collection of lighting assessments. Lighting assessments are commercial properties that reimburse the City for the cost of electricity as well as the cost to install and maintain the poles within a special lighting district. These costs are assessed to the property and collected by Greene County via property taxes and then remitted to the city twice a year. Assessment revenue generates approximately \$128k, or 3.5% of General Fund revenue.
- The majority of Charges for Services revenue is comprised of the sale of cemetery lots along with burial and footer charges which is projected to generate \$94k. Charges for services also includes Beavercreek Township's reimbursement to the city for their share of printing and postage of the InTouch expenses, property maintenance reimbursements, and vacant property registrations.
- Miscellaneous revenue is generally comprised of interest income, sale of assets, rebates (including Workers Compensation rebates, purchasing card spend rebates), and other miscellaneous items. Interest Income is projected to be \$125k in 2021, a significant decrease of 47% over last year due to lower rates of return on investments.
- Minimum fund reserves have been established for the General Fund at 20% of operating expenditures.

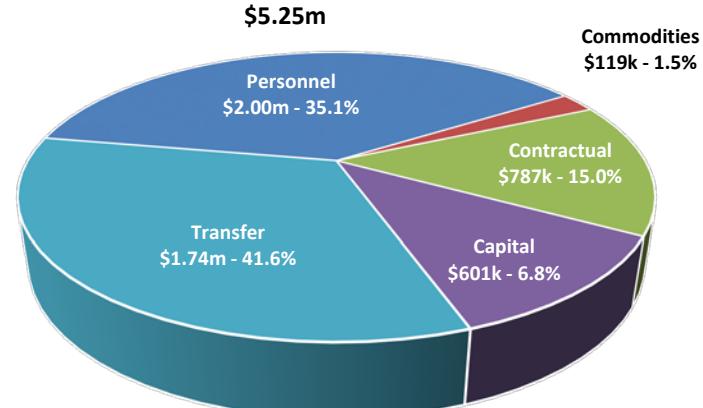

**CITY OF BEAVERCREEK**  
**2021 BUDGET**  
**GENERAL FUND**

- The majority of expenditures in the General Fund are Personnel, Transfers Out, and Contractual Services. Total budgeted expenditures for the General Fund for 2021 are projected to be \$5.25m.
  - All departments within the General Fund have personnel expenditures except for Contractual Services, Planning & Development Boards, and District Lighting. Personnel related expenditures make up 35.1% or \$2.0m of the General Fund.
  - Transfers Out total \$1.74m, which is a 1.5% increase over 2020. The majority of this is a \$1.5m transfer to the Golf Course to cover the construction and judgment bond debt service, capital improvements, equipment, and operating loss which is projected to decrease by 2.9% compared to prior year. Ten percent of this transfer is to cover infrastructure improvements and another \$410.9k is to cover increased operating losses. There is also \$240k annual transferred to the Park Levy Fund to assist with capital improvement projects.
  - Contractual Services expenditures make up 15% or \$787k of the General Fund budget. The larger expenditures within Contractual Services includes Greene County Combined Health Services, annual audit fees, membership fees, legal fees, economic development expenditures, the General Fund's share of insurance, and electricity and light pole maintenance in the District Lighting department.
  - The two remaining expenditure categories within the General Fund are Commodities and Capital. Commodities include operating and office supplies, postage, computer licensing/maintenance fees, gas for city vehicles, mileage reimbursements, vehicle maintenance, and cleaning supplies. See Budgeted Highlights below for capital.

**2021 General Fund - Expenditures by Category**

**CITY OF BEAVERCREEK  
2021 BUDGET  
GENERAL FUND**

**LEVY CYCLE:**

The General Fund does not have a voted levy. The General Fund receives approximately \$1.75m in non-voted inside millage.

**GOALS/OBJECTIVES:**

**City Manager -**

As part of the budgetary process the City Manager, in conjunction with department heads, has assisted in the development of individual departmental goals and objectives. The City Manager will continue to work with, provide guidance and assistance as needed to all departments in order to reach their departmental goals and objectives.

- Ensure City/City Council policy directives are implemented promptly and efficiently.
- Continue active dialogue with neighboring communities regarding shared services.
- Develop strategies to provide long-term operational stability and sustainability.
- Continue to work with staff to identify and implement long-term infrastructure funding mechanisms to meet future needs.
- Hold a Council Management Strategy Session in July/August 2021 to discuss and build consensus with City Council for policy initiatives of interest for 2022.

**Clerk of Council -**

- Continue to work towards obtaining Master Municipal Clerk designation.
- Continue to comply with new or modified legal mandates at the local, state, and federal levels.
- Coach new council members to help them adapt into their new roles on Council.

**Human Resources / Risk Management -**

- Execute a performance based merit program for all full time/part time non-union employees.
- Implement software program for applicant tracking and new hire onboarding process.

**Finance Department –**

- Continue to provide exceptional financial services to the city as evidenced by obtaining the various awards for excellence in financial reporting.
- Develop long term financial strategies and alternatives to address the funding and timing of the city's levies.
- Implement new financial reporting application designed to increase operational efficiencies and financial reporting

**Information Services –**

- Review alternatives for maximizing the City's exposure of information through various sources.
- Continue to increase programming on Channel 5 and other outlets to educate residents on current and future issues.
- Develop a comprehensive communication strategy to increase communications with residents and employees.

**CITY OF BEAVERCREEK  
2021 BUDGET  
GENERAL FUND**

**Planning & Development –**

- Finalize the evaluation standards for Community Reinvestment Area (CRA) program, and begin to evaluate projects for economic incentives on an as needed basis.
- Compile 2020 Decennial Census data when available, and provide an in-depth analysis of growth trends in the City from 1980 to 2020 compared to other local and benchmark communities.
- Transition the maintenance responsibilities of the 9/11 Memorial from the Planning and Development Department to the Parks Department.
- Work with Planning Commission, City Council, and affected property owners to correct zoning map inconsistencies and approve an Official Zoning Map.
- Review our existing drive-through standards, by comparing to state and national standards and market trends. Update zoning codes as appropriate.
- Review and update Subdivision Regulations, including the Parkland Dedication/Fee In-Lieu formula.
- Fill vacant positions in the department, and begin to transition from a reactive code enforcement program to a more pro-active code enforcement program, using a multi-person code enforcement team.

**Cemetery Maintenance –**

- Complete construction of new office area; paint walls, finish flooring, purchase furniture, and other misc. items.
- Create maintenance plan to rid new graves of weeds and better growth of grass.
- Roll out public web-based searchable cemetery map for Mt. Zion, Aley and Hawker cemeteries (Grave Discover).
- Continue to train additional maintenance staff on cemetery functions. Have four fully trained staff members able to take over functions of cemetery in the absence of cemetery sexton.

**BUDGET HIGHLIGHTS:**

**Service Assumptions –**

- Concentration has shifted to the continued development and redevelopment of the City and to provide tools and incentives to potential businesses to assist in this goal. This includes the implementation of the Beavercreek Development Corporation (BDC), Community Reinvestment Act (CRA), and expansion of the Property Assessed Clean Energy (PACE) grants.
- Reorganization of the Planning and Development Department is designed to provide appropriate resources to the areas that require additional attention. This includes additional code enforcement resources to accommodate the increasing demand on these services as the transition from development community to maintaining the current city assets.
- A Communication Manager position has been added to the Information Services division. This position will be responsible for all aspects of information dissemination, including social media platforms and improve communication with residents and employees.
- Continue neighborhood clean-up programs.
- The budget includes the addition of a part time Planning Secretary and seasonal Planning Intern to provide additional support for the department as a result of the reorganization and leaving the full time Associate Planning position unfilled.

**CITY OF BEAVERCREEK  
2021 BUDGET  
GENERAL FUND**

**Significant Changes in Revenue and Expenditure Projections -**

- Interest income has been budgeted to significantly decrease by \$110k or 47% in 2021, based on decreasing short and long-term interest rates.
- Hotel/Motel tax has been budgeted to decrease by \$175k or 33.3% as a direct result of the pandemic causing a decline in lodging stays and special events that normally draw visitors including softball and soccer tournaments, etc.
- Franchise fees are anticipated to decrease by \$40k or 7% due to reduced franchise fee revenue because of decreased usage in cable services along with more alternatives from vendors providing similar services.

**Capital Improvements –**

- Capital improvements in the General Fund consist of \$90k slated for the sidewalk program, \$200k worth of security improvements at City Hall, \$75k for storm water project, \$60k for the Turtle Trail Project with the Beavercreek Wetland Association to begin a trail and signage from Rotary Park, and \$40k in the form of a grant match for economic development purposes.
- Also, \$25k has been budgeted for the continued efforts to enhance the appearance and functionality of the cemetery building at Mount Zion.

**Equipment Replacement & Software Upgrades –**

- The acquisition of a new financial software to enhance the budget process and increase transparency to our residents has been slated for 2021.
- A server upgrade has been budgeted for 2021 to enhance the City's information technology and increase access and speeds relate to the City's information technology. This is split between the General Fund and the Police Department.
- Various computers are being replaced as part of the technology replacement program.

**Additional Factors –** The city was able to balance the General Fund budget and maintain the 20% minimum fund balance requirement for 2021.

## CITY OF BEAVERCREEK

### 2021 BUDGET

#### **POLICE OPERATING FUND (202), LAW ENFORCEMENT FUND (223), VARIOUS SPECIAL POLICE FUNDS, GRANT FUNDS (245)**

##### **FUND PURPOSE:**

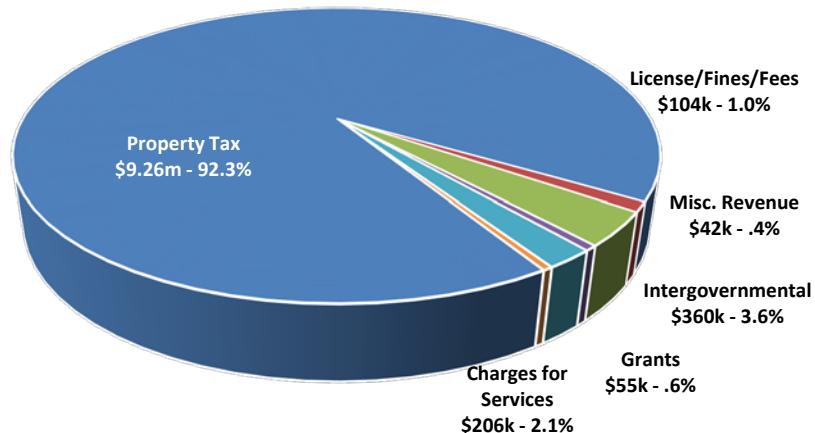

The Beavercreek Police Department's primary responsibilities is to work in partnership with the community, safeguard life and property while ensuring the rights of all people, and thereby enhancing the quality of life for the residents. The fundamental goals are to: maintain order in the community, protect life and property, suppression of criminal activity, apprehension and prosecution of offenders, regulation of non-criminal conduct and preservation of the public peace.

##### **KEY FINANCIAL FACTORS:**

- Police Operating Fund (Fund 202) is the main operating fund used for police operations. The budget is \$11.2m for 2021. The Department is funded primarily with property taxes, which comprises \$9.26m and represents almost 92.3% of revenue. The majority of remaining revenue is generated from shared services for Fire Dispatch with Beavercreek Township, School Resource Officer reimbursements, and extra security duties along with the state's 911 State Shared Funds.
- Over \$8.65m or 76.3% of the fund expenditures are derived from personnel costs. Contractual Services represent the second largest expense category, which includes contractual agreements for municipal courts, prosecution services, prisoner care, victim assistance programs, and various software maintenance agreements. This category also includes the Interfund charge for indirect cost of services provided by the General fund and represents \$361k.
- Law Enforcement (Fund 223) and Federal Forfeiture (Fund 229) are funded through restitutions and sale of forfeited assets. These funds are used to support ACE Task Force and RERT Contributions and help with specialized training for officers and the capital needs of police operations.
- The Police have other various Special Revenue funds depicted in detail in the budget. One of these is the Police Grants (Fund 245), which is used to isolate Ohio Department of Public Safety reimbursement for two safety traffic programs used to reimburse expenses for overtime wages, benefits and fuel.
- Minimum fund balance has been established for Police Operating Fund at 20% of expenditures.

**CITY OF BEAVERCREEK**  
**2021 BUDGET**  
**POLICE OPERATING FUND (202), LAW ENFORCEMENT FUND (223), VARIOUS SPECIAL POLICE FUNDS, GRANT FUNDS (245)**

**LEVY CYCLE:**

Indefinite 0.9 Mill Levy that generates an estimated \$354k annually.

Indefinite 3.0 Mill Levy that generates an estimated \$1.58m annually.

Indefinite 1.2 Mill Levy that generates an estimated \$730k annually.

Indefinite 0.3 Mill State Authorized Levy dedicated to paying Police Pensions estimated to be \$476k annually.

Continuing 4.5 Mill Renewal Levy passed in November of 2018 and generates \$6.12m annually.

**GOALS/OBJECTIVES:**

- Mission: Prevention and Deterrence of Crime, Apprehension of Offenders, Community Engagement, and Utilization of Resources.  
To expand on this mission the following 2021 goals have been established:
  - Transition from 5<sup>th</sup> to 6<sup>th</sup> edition CALEA Standards by completing applicable proof documentation.
  - Administer the Selective Traffic Enforcement and the Impaired Driving Enforcement Program grants awarded by the Ohio Traffic Office for 2020-2021 grant year.
  - Continue supervisory and leadership development for command and supervisory personnel.
  - Conduct “Safety Town” events to educate pre-school children about safety.
  - Conduct Police Department Open House and National Night Out community events.

**BUDGET HIGHLIGHTS:**

**Service Assumptions -**

- Despite an increase in demand for police services, of over 15% since 2015, and a projected 10% increase over last year's calls for services, staffing levels will remain the same in 2021, which includes 50 sworn officers and 11 Communications Operators.
- Property tax revenue projections have been projected for an increase of approximately \$120k or 1.3% over 2020.

**Training -**

- The Ohio Peace Officer Training Commission (OPOTC) is directed by the ORC to set a minimum number of hours for continuing professional training. In the past OPOTC reimbursed the department based on the minimum number of hours required. Since 2019, there haven't been funds available for reimbursement, therefore the OPOTC is not mandating any CPT hours for 2021. Even though there are no funds available for reimbursement in 2021, the department will complete the recommended training, which will continue to be funded as training in the 2021 budget.

**Significant Changes in Revenue and Expenditure Projections -**

- Reimbursement for the School Resource Officers is projected to decrease by 21.1% due to remote learning as a result of the pandemic.
- The police completed a reorganization and moved the DARE Officer's wages and benefits into Police Operations from Special Services resulting in minor variations in those divisions for the 2021 budget.
- Two retirement payouts have been budgeted for 2021 include the Police Chief and another tenured Police Officer.

**CITY OF BEAVERCREEK**

**2021 BUDGET**

**POLICE OPERATING FUND (202), LAW ENFORCEMENT FUND (223), VARIOUS SPECIAL POLICE FUNDS, GRANT FUNDS (245)**

**Capital Improvements -**

- No major capital improvements are slated for 2021.

**Equipment/Vehicle Replacement Schedule -**

- The 2021 budget reflects continuation of the fleet rotation with the replacement of five patrol vehicles and two unmarked vehicles.

**Staffing -**

**Additional Factors -**

- The building remains a significant concern because of space and security issues. The last two onsite accreditation reviews cited a number of concerns regarding space issues in the locker rooms, property room, prisoner holding and storage areas. In addition, the lack of enclosed secure parking area continues to pose significant security concerns, which were specifically identified by the CALEA assessors during the last onsite review.

## CITY OF BEAVERCREEK

### 2021 BUDGET

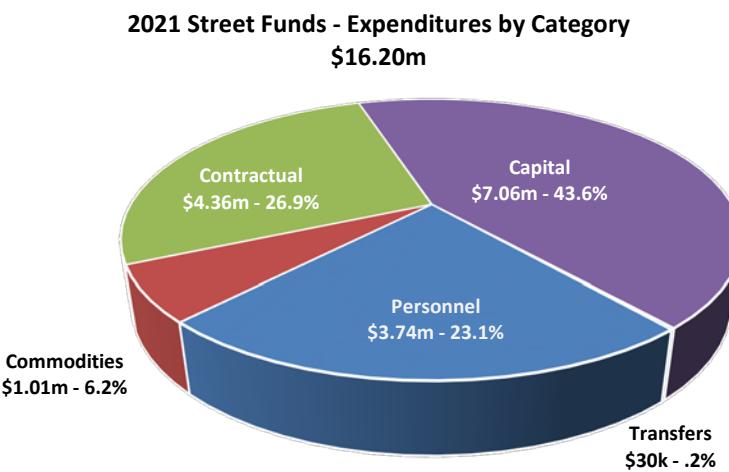

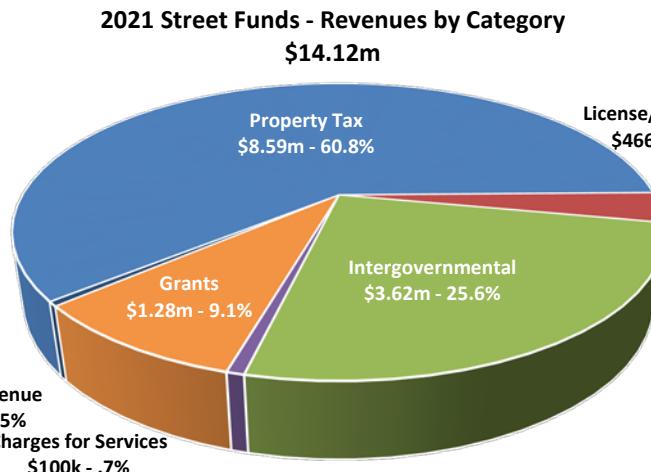

#### STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)

##### **FUND PURPOSE:**

Provide street repair and maintenance, issues and monitors annual street paving contracts, and accounts for major capital infrastructure street improvements as part of the Five-Year Capital Improvement Plan.

##### **KEY FINANCIAL FACTORS:**

- These funds are funded through a mixture of property taxes and state levied gasoline tax and motor vehicles license registration fees.
- Fund 203, Street Levy, is the only operating street fund from where personnel and benefits are paid. The majority of revenue generated in this fund are property taxes (98%).
- Fund 204, Street Maintenance, is used for operations/maintenance, annual paving and capital projects. The majority of revenue generated in this fund is through gasoline taxes and registration fees (which the state increased by almost 70% in 2019) which are budgeted at \$3.09m for 2021. In 2021, \$350k has been budgeted as Ohio Department of Transportation grant revenue for the Indian Ripple Sidewalk project. In 2020 City Council passed a \$5 license fee tax that will begin January 2021. This is estimated to generate \$225k annually and is split between this fund (92.5%) & State Highway Fund.
- Fund 205, State Highway, funds one equipment operator, pays for 200 tons of salt, along with upkeep/maintenance on US 35 and the N. Fairfield interchange (guardrails/landscaping/street lighting). The majority of revenue generated for this fund is gasoline taxes (84.2%) and motor vehicle license fees (15.0%) both passed through the state. Fund 205 is also impacted by the state's increase in gasoline tax revenue.
- Fund 260, Street Improvement Levy, is used for annual paving and resurfacing, curb repairs and capital projects. 100% of the revenue generated in this fund is from the two mill property tax levy originally approved in 2014 and reapproved and made continuous in 2019.
- Fund 408, Capital Improvement, is used for street infrastructure projects. All of the revenue in this fund is from vehicle licenses, registrations & fees.
- The Street operating funds (203 & 204) receive administrative services from multiple departments within the General Fund. These funds reimburse the General Fund for the cost of the services received per the Administrative Charge Policy.
- Minimum fund reserves have been established for the Street Levy Fund at 20% of operating expenditures.

## **CITY OF BEAVERCREEK**

### **2021 BUDGET**

**STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)**

#### **LEVY CYCLE:**

Continuous 1.0 Mill Renewal Levy that was renewed in November of 2017 and generates an estimated \$1.35m annually.

Continuous 2.0 Mill Street/Capital Levy was renewed in March 2019 and is estimated to generate \$2.72m annually.

Five-Year 3.4 Mill Levy will expire in 2021 and generates an estimated \$4.64m annually.

#### **GOALS/OBJECTIVES:**

##### **Streets and Traffic**

- Continue to work with a third party vendor to build GIS data collection with the goal of capturing assets and identifying a life cycle program for city owned infrastructure.
- Continue to locate city owned infrastructure as requested by Ohio Utilities Protection Service.
- Continue to improve landscaping city wide by developing specific operating procedures in an effort to improve maintenance.
- Complete American Public Works Association accreditation training by Assistant Superintendent and Superintendent of Public Administrative Services becoming involved in the local and national levels of the American Public Works Association.
- Continue to utilize a work order system to track all streets and traffic maintenance work requests to use for financial reporting and analysis and as a basis for funding allocation.

##### **Building/Grounds Facilities and Fleet Maintenance -**

- Maintain preventative maintenance programs and support services for all city operated facilities.
- Complete city wide facility projects in an effort to maintain and create a more sustainable portfolio.
- Continue to utilize a work order system to track all buildings, grounds, and fleet repair maintenance work requests in an effort to use for financial reporting and analysis to ensure best judgement for funding allocation.

##### **Engineering –**

- Plan, direct and supervise the annual construction programs throughout the City as noted in the Five-Year Capital Improvement Plan. This includes issuing contracts for infrastructure projects, monitoring each project, requesting payment of grant reimbursements, and purchasing land for right of ways. This would also include ongoing and proposed private developments, right of way acquisitions, consultant contracts, in house sewer design projects, Ohio Department of Transportation (ODOT) projects, non ODOT construction projects and Phase II MPDES storm water permit.
- Prepare grant applications for new Federal Aid, Ohio Public Works Commission, Clean Ohio, Rails to Trails Fund (RTF) and Community Development Block Grant Projects, in addition to other funding sources.

## **CITY OF BEAVERCREEK**

### **2021 BUDGET**

**STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)**

#### **Overarching Goals -**

- Improve communication and working relationships between labor and management.
- Create a “Train the Trainer” program to involve staff in a broader safety approach to daily task safety in their specific scope of work.
- Begin American Public Works Association Accreditation process for landscaping and streets.

#### **BUDGET HIGHLIGHTS:**

##### **Service Assumptions -**

- Full-time staffing will remain at current levels to ensure existing level of service for street maintenance activities including snow removal.
- The city budgets for an average snow and ice event season. A total of 6,000 tons of salt is budgeted across funds 203, 204, & 205. Salt prices decreased to \$53.14 per ton down from \$88.23 per ton last year. In addition, any extreme or light season will effect actual expenditures for wages/benefits/overtime and commodity costs (i.e. gasoline/diesel and salt purchases).
- The city will continue to use contractors to assist with snow removal in cul-de-sacs during large storm events.
- The Street program will be budgeted at \$2.95m split between the 204 fund and the 260 fund. (Historically, resurfacing is budgeted for \$2m.) Curb work, now included as part of the street program, is budgeted for \$575k, which is a \$175k increase from 2020.
- Continued emphasis has been placed on addressing side paths adjacent to City roadways with \$100k budgeted for this year. This is the second year of this program and is funded from Funds 101 and 204 (\$90K, and \$10K respectively).

##### **Significant Changes in Revenue and Expenditure Projections -**

- Property tax revenue of \$8.59m is budgeted which is approximately the same as 2020.
- Gasoline taxes have been budgeted at the same level as 2020. We anticipate the consumption in 2021 will slowly increase back to normal levels.
- License fees are projected to increase by \$225k because of an increase in the license fee of \$5 allowed under a revised Ohio Revised Code provision that was adopted by Council in 2020 with an implementation date of January 1, 2021.

##### **Capital Improvements -**

- The Engineering Department has compiled a detailed Five-Year Capital Improvement Program, which includes updated project completion dates and grant funding. It is assumed that these projects will be paid for from existing funds and the city will not issue any debt or capital project loans to fund these projects.
- Several of infrastructure projects in these funds are supported by grant funds. The 2021 Budget has \$5.4m in capital projects of which approximately \$1.28m is funded through grants representing 23.7% of the total cost.

**CITY OF BEAVERCREEK****2021 BUDGET****STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)**

	<b><u>Capital Outlay</u></b>	<b><u>Grant Funding</u></b>
Fund 203	\$ 750,000	\$ 0
Fund 204	\$ 1,770,000	\$ 349,800
Fund 260	\$ 2,385,600	\$ 930,000
Fund 408	\$ 375,000	\$ 0
Fund 771	\$ 125,000	\$ 0
<b>Total</b>	<b>\$ 5,405,600</b>	<b>\$ 1,279,800</b>

- In addition, there are six building maintenance projects totaling \$475k budgeted for 2021. They include insulation improvements at Municipal Maintenance Facility (\$150k), garage door maintenance and replacements (\$125k) roofing and skylight repairs (\$30k), and regular maintenance projects in the building (\$150k). Also, the first phase of the salt barn replacement, which includes designs and drawings for the storage facility to make it more efficient and effective in storing the City's salt inventory during the year.

**Equipment Replacement Schedule -**

Equipment replacements as part of the replacement schedule were postponed due to the May 27<sup>th</sup> tornado event and the pandemic. This year the City has reinstated the replacement schedule for critical equipment. The City has slated to replace thirteen items including vehicles and equipment totaling \$1.127m. This includes replacement of the Street Sweeper (\$250k) a loader (\$180k), a single axel truck used for snow plowing (\$175k) and a backhoe replacement (\$110k). The City has also included replacement of the brine tank that was slated for replacement in 2019 but had been delayed as noted above.

## CITY OF BEAVERCREEK

### 2021 BUDGET

#### PARK LEVY FUND (279), COMMITTED PARK MONIES (712), MISCELLANEOUS TRUST FUND (750), BEQUEST FUND (816)

##### **FUND PURPOSE:**

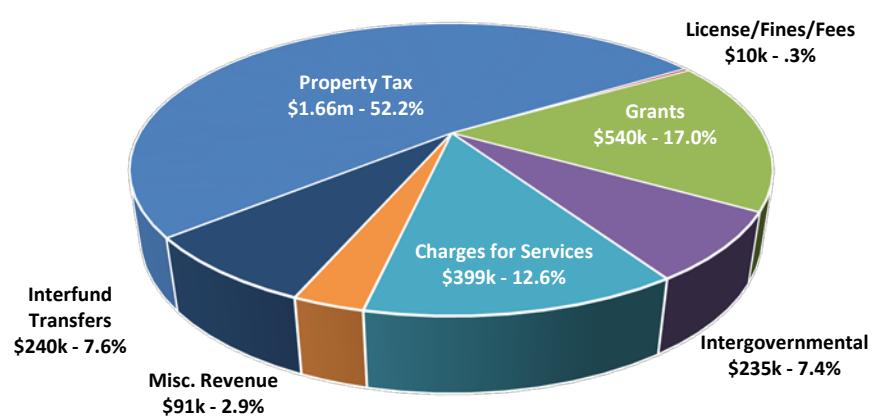

The Park Levy fund was implemented in 2015 to account for levy proceeds and charges for services designed to operate and maintain city parks, to preserve natural areas, to promote health and wellness, to provide quality leisure opportunities, and to increase cultural awareness for the benefit of the Beavercreek community. This levy also funds the capital improvement plan for the park system and provides funding for the debt service related to the Lofino Plaza renovations.

##### **KEY FINANCIAL FACTORS:**

- The majority of Park Levy Fund (279) revenue is generated from a 1.2 mill property tax levy, which represents \$1.66m or 52.2% of annual revenue. In addition, there is a \$240k annual transfer from the General Fund to support operations and capital improvements. Other revenue sources are fees generated from programs and donations that cover the cost of citywide/special events (i.e. 4<sup>th</sup> of July, Fishing Derby, Try-a-Truck, etc.), membership fees, rental revenue, programs, and grants totaling \$235k from Greene County Council on Aging. There are also shared services reimbursements from Beavercreek Township Park District for mowing and general maintenance of Community & Victory Parks.
- Committed Park Monies Fund (712), collects and accounts for fees which are charged to new residential subdivisions. These fees can be used for the acquisition, development and improvement of park and recreational facilities.
- Miscellaneous Trust Fund (750), is used to collect and hold assets in a trustee capacity. In addition to grants, donations are also held for the Senior Center Growth Fund, camp scholarships, and park improvements. Expenditures can only be spent for the designated use of these revenue sources.
- Cemetery Bequest Fund (816), are monies that have been received based on a percentage of cemetery fees. Per policy, the principal amount of these fees are to remain intact with interest revenue to be used for the general care, maintenance or upgrade of the city's cemeteries. A columbarium was built in 2020 and units are available. Proceeds from this new revenue source will be split between this fund and the General Fund.
- Minimum fund reserves have been established for Park Levy Fund at 20% of expenditures.

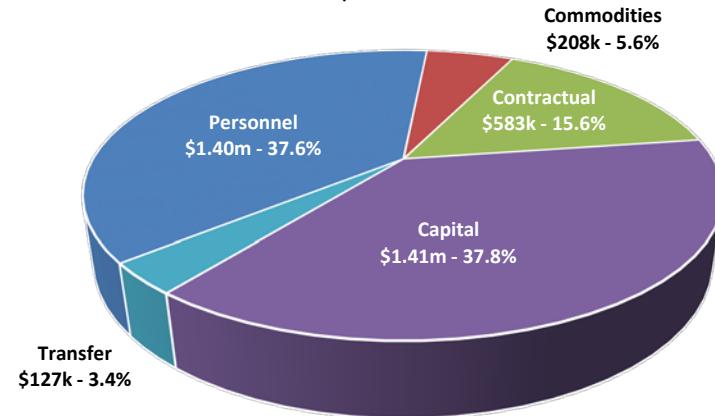

2021 Parks Fund - Revenues by Category

\$3.17m

2021 Park Levy Fund - Expenditures by Category

\$3.73 million

**CITY OF BEAVERCREEK**  
**2021 BUDGET**  
**PARK LEVY FUND (279), COMMITTED PARK MONIES (712), MISCELLANEOUS TRUST FUND (750), BEQUEST FUND (816)**

**LEVY CYCLE:**

Continuing 1.2 mill Parks and Senior Center Levy. The levy was originally passed in 2015 as a .9 mill levy. In 2019 the millage was increased by .3 and at that time was made continuous. The 1.2 mill levy is estimated to generate \$1.66m annually.

**GOALS/OBJECTIVES:**

**Parks -**

- Install new playground at Grangeview Acres Park, replace pedestrian bridge at Dominick Lofino Park, replace the Tobias-Zimmer Barn at Wartinger Park and create hiking trails at Cinnamon Ridge Park.
- Complete process of accreditation for Commission for Accreditation of Park and Recreation Agencies (CAPRA).
- Work with Beaver Creek Wetlands Association to complete Phase I of the Spotted Turtle Trail.
- Replace 12 additional dugouts at Rotary Park with revenue generated from field user fee.
- Generate internal weekly task report for all division managers.
- Begin the Americans with Disabilities Act (ADA) transition plan.
- Create volunteer project list for community organizations, Eagle Scouts, Girl Scouts etc.
- Train staff more in depth with Asset Essentials – utilizing the cost center feature.
- Plant one acre of wildflower pollinator areas.
- Plant 30 trees within various parks.

**Recreation –**

- Continue to partner with Beavercreek City Schools for summer camp
- Work with Park Board to continue to expand relationship with partner groups
- Complete cost recovery policy and define cost recovery goals for Recreation program and facilities
- Create a list identifying grant opportunities for recreation programs
- Expand cultural arts programming with one new cultural arts event or program (visual arts, literature, music, theatre, film, dance, etc.

**Senior Center –**

- Implement Silver Sneakers program. Train staff and volunteers on how to use Tivity Health portal to check member eligibility.
- Identify potential grant funding for Senior Center capital improvement projects.
- Develop and administer a community survey to assist with the development of a 5-year plan for the Senior Center.
- Improve marketing of Senior Center programs and classes. Explore rebranding to reach a younger demographic of seniors in the community.
- Attend at least three networking events to market the senior center.
- Assist in the development of cost recovery policy. Define cost recovery goals for Senior Center programs, activities and events.

**CITY OF BEAVERCREEK**

**2021 BUDGET**

**PARK LEVY FUND (279), COMMITTED PARK MONIES (712), MISCELLANEOUS TRUST FUND (750), BEQUEST FUND (816)**

**BUDGET HIGHLIGHTS:**

**Service Assumptions –**

- Continue with the theme of “Taking Care of What We Have”. In addition, as a result of ADA improvement plan completed in 2020, the first set of ADA improvements (\$8k) are budgeted in 2021.
- Staffing levels will remain the same as 2020.
- Membership levels at the Senior Center show a decrease as a result of COVID. Memberships were extended six months while the Center was closed. Therefore, revenue at the Senior Center for memberships, programs, special events and trips were budgeted to decrease in 2021, as events will continue to be limited under the pandemic guidelines issued by the Health Department. However, the Senior Center has budgeted \$18k in revenue for the new Silver Sneakers program.
- Adult soccer is level funded; staff run three sessions (spring, summer and fall) and each season was full at 196 individuals. Adult softball has been declining but has leveled out and is budgeted at the same level in 2021 as 2020.
- Summer camp was successful again this summer with limited participants, due to the pandemic. Most of the camps were at the capacity established by the Health Department. It is anticipated this same trend will continue into 2021, therefore the budget has been reduced to reflect the new service levels.

**Significant Changes in Revenue and Expenditure Projections –**

- There is a significant decrease in Charges for Services due to the township no longer paying a maintenance agreement since the City took ownership of Rotary Park in 2020. The Township sent the City their entire fund balance in their Rotary Park fund to partially offset the cost of capital improvements related to the entrance drive which amounted to \$48.8k.
- The City is hoping the number of classes offered and continued participation will allow the Senior Center to obtain the same revenue as before the COVID event and have budgeted as such.
- The T-ball programs at Rotary Park are seeing a significant increase after the Skyhawk organization took over the program. The Golf Scramble revenue is projected to decrease as participation continues to decline, however Special Event revenue is anticipated to remain the same as last year. Adult soccer has leveled out, adult softball continues to decline which is the trend throughout the area. Summer camp continues to be extremely successful.
- Overall, operating expenses are projected to increase by about 1.7% in 2021. The majority of this increase is the result of capital equipment replacements and increased marketing.

**Capital Improvements –**

- Projects in 2021 include playground replacements at Grangeview Acres (\$123k), bridge replacements and dam safety repairs at Dominic Lofino Dock (\$42k), bridge improvement at Merrick Park (\$9k), phase two of the deferred maintenance plan that replaces two of the twelve HVAC units at the Senior Center (\$27k). Capital improvements also include a connection to the playground at Summerfield Park (\$20k) and a new walking path looping Virgallito Park (\$10). In Rotary Park, there is a new roof budgeted for the concession stand (\$16k) along with ball diamond re lamps (\$9.3k).

**Equipment/Vehicle Replacement Schedule –**

- Major equipment purchases for the park department includes a pick-up truck with plow (\$50k), replacement of two z turn lawn mowers (\$30k) and a replacement Gator (\$10k). The Senior Center will spend \$14.7k on a recumbent bike and two NuStep machines.

**CITY OF BEAVERCREEK  
2021 BUDGET  
GOLF COURSE FUND (572)**

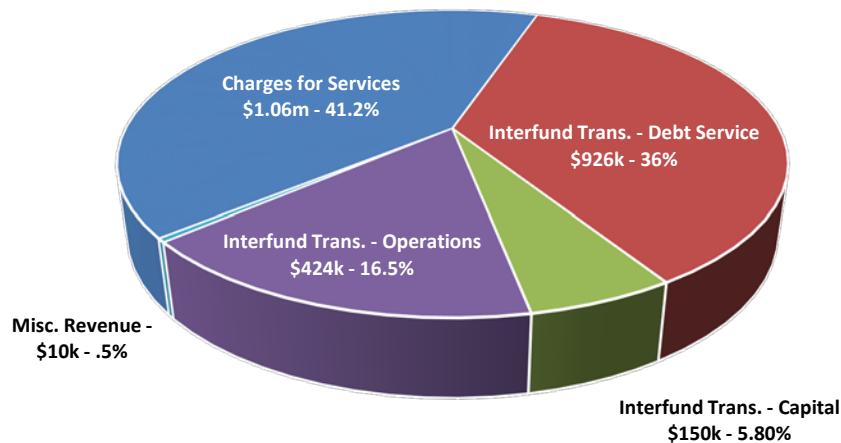

**FUND PURPOSE:**

The Golf Course Fund is considered an enterprise fund, which has been established to account for all operations of the city's golf course. The fund is designed to record revenue (Charges for Services and Interfund Transfers) and expenditures for the operations of the golf course.

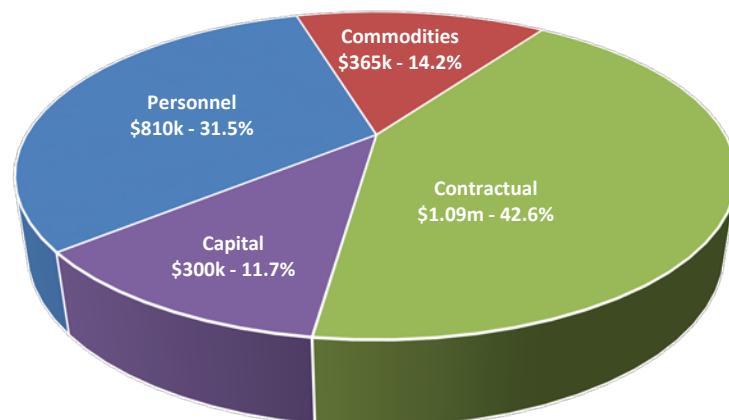

**KEY FINANCIAL FACTORS:**

- The Golf Course Fund's primary revenue sources are Charges for Services totaling \$1.07m or 41.2%, and Interfund Transfers totaling \$1.50m or almost 58.4%. Charges for Services is comprised mostly of golf fees and food and beverage revenue. Examples of golf fees include season passes, green fees, cart fees, merchandise sales, driving range, and other miscellaneous golf sales, which are projected to generate approximately 81.1% of Charges for Services revenue. Food & Beverage sales comprise over 18% of Charges for Services revenue.
- The General Fund transfers funds to the Golf Course each year to cover the debt service payment, which includes the golf course's construction and judgment bonds representing \$926k. The annual transfer from the General Fund also covers the projected operational shortfall of \$424k and capital improvements of \$150k in 2021.

**2021 Golf Enterprise Fund - Revenues by Category**  
\$2.57m

**2021 Golf - Expenditures by Category**  
\$2.57m

**CITY OF BEAVERCREEK  
2021 BUDGET  
GOLF COURSE FUND (572)**

**GOALS/OBJECTIVES:**

- Maintain current number of rounds while generating increases in green and cart fees revenue by continuing to implement (4) tier season golf rates.
- Increase range revenue by at least 5%.
- Continue to market and promote youth golf by hosting two summer Junior Golf Camps and continuing the program where children under age 12 play free with an adult program.
- Reorganize the Food and Beverage operation to accommodate golfer's needs and follow Health Department guidelines. Concentrating on operating Food and Beverage at a break-even service level.
- Upgrade the practice range to increase operational efficiency and thereby increasing the usage and extending the practice season in colder wetter months.

**BUDGET HIGHLIGHTS:**

**Service Assumptions -**

- The 2021 budget eliminates the full time employees in the Food and Beverage division. This includes the Chef, Food and Beverage Manager, Chef and Sous Chef. Additionally, there was a reorganization and the Golf Professional position was reclassified as an Assistant Golf Course Manager and will also assume responsibilities for the operations of the scaled back Food and Beverage operations. In addition, the two part time Event Coordinators were eliminated and replaced with a part time Events Coordinator as a result of the operational changes. Part time employees have also been reduced to coincide with the new operational plans for the facility.
- Due to the projected increase in golf rounds, part-time and seasonal employee's hours will be expanded to accommodate the increase service levels.

**Significant Changes in Revenue and Expenditure Projections -**

- Due to COVID the all-inclusive season passes revenue is projected to decrease. However, this should increase the number of rounds played at the seasonal rates.
- Green fees and cart fees were raised during the last part of 2020 to accommodate the restrictions on number of players and number of guests in each cart. These fees will remain in effect through 2021 and will be seasonally adjusted. These adjustments allowed the golf course to continue to match surrounding golf course seasonal rates so that the course can remain competitive.

**Capital Improvements/Equipment/Vehicle Replacement Schedule -**

- The 2021 capital budget includes \$50k for phase four of six in the cart path resurfacing program. \$100k has also been budgeted for driving range upgrades that include new hitting pads and mats that will reduce driving range turf maintenance as well as extend the season. Driving range netting \$20k will be installed to capture balls well before they reach I-675 and the surrounding holes. This will eliminate the need for restricted flight balls that are being phased out by the manufacturer which will allow the City to purchase regular range balls versus the more expensive restricted flight balls.
- The City has budgeted for the fourth and final year of lease payments (\$82k/yr.) for golf carts purchased in 2018 as well as the final lease payment for the spray rig lease (\$13k) that was purchased in 2016.

**CITY OF BEAVERCREEK**  
**2021 BUDGET**  
**GOLF COURSE FUND (572)**

- The City will enter into a lease for the purchase of six new pieces of equipment for the maintenance department. The City has managed to stretch out and maintain existing equipment that has been in use since 1999 and 2004. Maintenance cost are increasing and parts are now difficult to locate. The equipment consist of close rough mower, roller, fairway mower, two greens mower and a spray rig. The five-year lease payment has been budgeted and estimated to be \$54,907 per year.
